

HEALTHY

PANTRY PROJECT

Let TAFB help you make the healthy choice the easy choice in your pantry.

Assessment

Our Community Nutrition team will conduct an assessment of your pantry to identify opportunities to improve access and appeal of healthy choices.

Ideas & Action Plans

Working together, we'll review the opportunities identified in the assessment and create an action plan.

Resources

Our team provides up to 12 months of technical support, materials, recipes, training and much more to help you achieve your goals.

Benefits:

By participating in this project, you will create a more engaging food environment, increase selection of healthy foods by clients, reduce food waste and have the opportunity to provide additional plug-in services to your clients at no cost to your agency. All participating agencies must be using or willing to transition to client-choice operations.
